THE BRIDGE

Linking Practitioners of German Biological Medicine

Volume 13, Issue #1, January 2017

Tuesday, 24 January 2017

Dear Colleagues, Friends and Supporters of OIRF,

➤ Welcome to Volume 13, Issue #1 of "The Bridge" newsletter!

Happy New Year everyone! We send our wishes to each and every one of you that this will be more than a "good" year, but one that brings contentment, learning, healing for our patients and prosperity. I'm going to skip the business and pep talk article that I normally incorporate into our January issues. As you are all aware, perhaps better than I, we are moving into a new and exciting era for energy and complementary medicine. Orthodox medicine simply doesn't have the answers that today's health challenges present, and it is up to us to make sure that these highly successful and effective methods remain available to our patients.

In this first Issue #1 of "The Bridge" for 2017, I have chosen a recent article by **Manfred Doepp, MD** and **Patricia Lüning-Klemm** about the rapid exponential increase in the blanket of electromagnetic frequencies in our environment. We all know about this, but here is some detailed information about the effects and dramatic consequences.

➤ Note that the 2017 Events Calendar has already expanded and you will find the new listings on Page 22 of this Issue and also on the [Events Page](#) of our website. Dates for the 2017 Medicine Week Congress and the OIRF Germany Tour #44 have already been announced, and early in the New Year there will be announcements of several other conferences and seminars where you will find OIRF in an education or exhibit booth.

➤ Plans for that Tour #44 are underway already. That page on the website has been updated and we will fill in speaker and travel information details as they are finalized. Invitations for speakers and presentations as well as arrangements for group visits are being prepared and will be sent out shortly. Dr. Doepp has not spoken to our groups in a number of years and we are looking forward to him speaking this year as our Keynote Speaker.

➡ OIRF is still in the process of updating and revising our website – this is a big project at the end of each year to make sure we are up to date and that the site is running smoothly. We ask your patience should you experience any glitches or disruptions – and if you see any little slipups or mistakes please let us know so that we can get them all fixed up.

➡ Note that OIRF is now able to accept your credit card payment directly in either USA or Canadian dollars and all pricing is being adjusted to reflect both currencies. Thank you for your understanding.

➡ **Advance Notices** (see details Pages 22-24):

➤ **Dr. Simon Yu** of **Prevention and Healing** in St. Louis, Missouri is planning two more hands-on AMA (EAV) workshops for MD's during March and June 2017. Also, his colleague Mr. Lodholz has agreed to assist with arrangements for "just one more" international conference. Dates for this always exceptional and highly recommended conference are **Sept. 29 to Oct. 1, 2017**. OIRF will be there! Plan even now to attend.

➤ **Dr. Michael Gurevich** has announced the **International Neural Therapy Conference** to be held in **Ottawa, Ontario Canada May 11-13, 2017**. The excellent roster of speakers includes: **Dr. Hans Borop** (Germany), **Dr. Alberto Duque** (Colombia), **Dr. Mark McClure** (USA), **Dr. James Oschman** (USA), **Dr. Michael Gurevich** (USA) and many others. This is a highly recommended conference!

➡ Well he's done it again! Those of us attending at Medicine Week eagerly headed downstairs to the exhibit featuring **Dieter Jossner** (of BioPhoton Therapy fame!) and **Medical Electronics**. This is always a "trip", and every year Dieter has a new "toy" or device to show us.

You've been listening to me talk about and seen the full information on the **UBS 315** device. These interesting little devices have been "selling like hotcakes" – really they definitely have – and we find that once you've tried it, you want more of them. This small piece of innovative technology will revitalize regular water. It's not a filter, but the change in the quality of the water is immediately apparent and you can even taste the difference. So, here's the link to the English information about the [Ultra-compact Bioenergetic Stimulator UBS 315](#) and you can see brief info and pricing on Page 13 of this Issue. Order today for mid-February delivery – get yours on your desk as soon as possible!

But the new "toy" for 2017? Well, take that same BioPhoton technology (both white light for during the day and red light for evening and bedtime) and put it into a set of "goggles". As of our earlier phone conversations with Mr. Jossner, they cannot manufacture these "puppies" fast enough for demand.

Preliminary indications include improved sleep (red light enhancing melatonin production), improved eyesight, enhanced daytime energy, and . . . Eyes open or closed during application doesn't matter, because this is not a laser.

I don't have English information or instructions available for this device yet, but these are apparently in the works and should be ready "soon". Tour participants and others aware of this new product are invited to order theirs now. Medical Electronics has now re-opened after their annual Christmas/New Year Holiday. We don't have a clear picture of shipping costs at this time (estimated UPS shipping could run as high as \$150 US), but orders will be shipped by postal mail to reduce costs and ease customs clearance procedures.

Ready to place your order now? Retail is US \$855 and CDN \$1,150 plus shipping and import. OIRF and Mr. Jossner will expedite your orders immediately and those orders received over the holidays will ship later this week.

🔄 I invite all of you to maintain your email or print subscription to "The Bridge" newsletter. All 2017 issues of "The Bridge" will be sent to you by email and then published on our website. **Access is open to all.** Follow this link to get your PDF print copy of "The Bridge" Volume 13, Issue #1.

Further new and cutting edge articles from our prestigious Board of Advisors and Directors as well as more of Carolyn's translations of articles from current German journals are underway for future (lucky) Volume #13 issues of this newsletter. Issue #2 featuring an article by **Dr. Simon Yu** should reach your Inbox around mid-February 2017.

WEBINARS FROM MED-TRONIK!

Every two (2) weeks, Med-Tronik will be conducting a webinar on various subjects with application and function of the MORA[®] Nova. Each webinar will be approximately 30 minutes in length and will be in both German and English.

Click here for the German webinars: <http://www.med-tronik.de/academy/webinare.html>

And here for the English webinars: <http://www.med-tronik.de/en/academy/webinars.html>

Simply press the Register button and sign up. You will be sent a confirmation email, as well as a reminder closer to the date.

This is a terrific opportunity for you to receive ongoing education featuring some of the best and most famous instructors from Med-Tronik including **Dr. Nuno Ruivo, Dr. Peter Mahr** and even occasionally **Dr. Gottfried Cornelissen**. If the times don't work for you, don't worry, Med-Tronik will be archiving them so you can watch at your own convenience (or time zone).

Depending on time available, there may even be time at the end for a brief Q & A.

We look forward to you taking advantage of this terrific opportunity to get training on a regular basis. More topics will be available as time permits.

Be sure to save this to your "favorites" and join in regularly.

➤ **Special Mention and Links:**

Waves and Fields

Considerable 400-times Increases in Electro-smog

Can Mankind Still Endure This?
The Consequences can become Dramatic

By Manfred Doepp, MD and Patricia Lüning-Klemm

From an article in CO'Med, Volume 22, October 2016

Machine Translation by SYSTRAN, Lernout & Hauspie, LogoMedia & Promt

Translation & redaction by: Carolyn L. Winsor, OIRF

© Copyright 2016, Dr. Manfred Doepp, Switzerland and Patricia Lüning-Klemm, Germany

Already deeply concerned about the health of the population in 2002, with the so called **Freiburg Appeal** twelve practicing physicians from different fields appealed to the responsible people in the Health Service and in politics indicating a dramatic increase in severe and chronic illnesses.

These illnesses especially include:

- Learning, concentration and behavioral disturbances in children (e.g. Hyperactivity)
- Blood pressure derailment [*hypertensive crises*]
- Heart rhythm disturbances
- Cardiac infarctions and strokes with younger and younger people
- Brain degenerative illnesses (e.g. Morbus Alzheimer) and epilepsy, and
- Cancer illnesses like leukemia and brain tumors

In the meantime there were numerous further physician appeals for precautionary measures, demanding protection against permanent burdens through electromagnetic fields and frequencies, with no effect up to now [1].

Already at the end of 1999 there was an article by author **M. Doepp** published in the **CO'Med [Journal]** in January 2000 under the title "*Electro-magnetic Over Sensitivity – A Study*". It reported about the meridian diagnostic tests with involvement of exposure in relation to electrosmog and their course observations during 1999. In this "good old time" in the mobile radio range the old B and also the C networks existed. Citizen initiatives were established which tried to prevent mobile phone transmission towers. The antennas were frequently installed hidden, so for example in church towers. The e-smog opponents did not have a chance of success. The radio frequencies had nevertheless been sold by the government to the IT companies for enormous billion-sums.

In 1999 nobody walked around with a Smartphone/iPhone almost constantly at their head as it is usual today. However the results at that time were already alarming. The percentage of negative reactions to technical e-smog climbed from 12% in January 1999 to 37% by the end of the year. The summary read:

- a) *"the burdening effect of e-smog prefers to take place on the regulation centers of the autonomous systems, which are predominantly localized in the brain stem,*
- b) *the e-smog over sensitivity seems to increase with the burdening of the population through e-smog,*
- c) *the relevant known symptoms correspond extensively with the meridian systems disturbed by e-smog."*

It reported about a pallet of symptoms which become ever more current today:

- **Central Nervous System related:** *headaches or migraines, concentration disturbances, fatigue, sleep disturbances, depression, dizziness, memory weakness, decline in performance, nervousness*
- **Immune system related:** *allergies (e.g. with food), asthma, urticaria, neurodermatitis, infection susceptibility, autoaggressions*
- **Endocrine related:** *thyroid gland disturbances, lack of libido, impotence, infertility*
- **Cardiac:** *heart rhythm disturbances and up to arrhythmia*
- **Abdominal:** *nausea, maldigestion, colitis, constipation*
- **Blood cell count:** *A phenomenon provable anytime is the agglutination of erythrocytes ("rouleaux formation" phenomenon) in darkfield vital blood microscopy, which together with the spastic contractions of the precapillaries leads to blood circulation reduction. On the other hand this can be brought on in association with tinnitus and sudden hearing loss. It can also be correlated with ocular vessel thrombosis, cataracts and macular degeneration."*

Both from the user's side and from the burden side the situation since then has gotten considerably worse. The burdens through technical electrosmog have increased twenty times since 1999. Today we are – ever younger, ever more – "digital natives" who are online nearly incessantly and active in social networks, emails and SMS receiving and

sending, telephoning and downloading from the internet. On average a young person looks at his display about 100 times per day and as a result is IT active. It is to be seen that both PCs as well as laptops with cable connections will vanish in favor of somewhat bigger Smartphones with only wireless technology.

“With the help of an APP researchers at the University of Bonn have evaluated the mobile phone use of 60,000 people and came to the result: The mobile [cell] phone makes you unhappy, unproductive and dependent.” [2]

Without permanent contact to both WLAN as well as mobile radio transmitters life is hardly possible, it seems predominantly empty. To speak of a dependence or addiction which concerns these communications is justified. The mobile phone became the universal service provider, hardly any personal activities (except food, drinking and sexuality) take place without the mobile phone.

The quality of communication was replaced with their quantity. We are active in networks with contacts of so called friends – however without empathic feeling involvement with the huge number of contacts. Partly we find ourselves no longer in the present with space and time, but rather the person or the subject which currently appears on the screen claims our full attention. The spiritual law: *“What you do, do this completely (or not at all)”* finds no more consideration. We are increasingly alienated from ourselves and our reality.

Which Future Awaits Us with Regard to the Burdens from E-Smog?

The governments of all countries of the western world are in agreement that it must be possible for the population to have WLAN-adequate internet access everywhere. This information flow density should be high enough that you can download a film in seconds up to a maximum of minutes. This “democratization” of the WLAN access requires for example that 20,000 new transmitters be established in Bavaria. [3]

By this [*means*] the e-smog is once again increased twenty times in the next few years. Cables no longer play a role, it must be “wireless” although in many places fiberglass networks exist. **Chancellor Merkel** and **President Hollande** have arranged that an omnipresent internet access with up to 50 GB/second should be achieved

Altogether since 1998/1999 – thus in the course of approximately 18 years – a 400 times considerable increase of technical e-smog has been established. Here satellites, GPS, HAARP, etc. are not even included.

There is no doubt about the fact that the incidence of many illnesses has increased and will increase. This concerns nearly all organs. At the forefront of the danger is the brain and with it above all the pineal gland. However this is the most valuable of all the hormone glands because it is located at the uppermost position. It is the connection between the physical and the spiritual world – and, as Descartes already knew – contains the contact to the soul. If it is blocked (not only by e-smog, but also by metals, in the same way as for example fluoride) we can neither recognize nor realize our life order, we degenerate to Zombies. [4]

It makes sense to point to the fact that we should make a distinction between Hertzian waves (transversal oscillation) and Skalar or Tesla waves (longitudinal oscillations). The electromagnetic waves found in use today are of the Hertz type. They are evaluated in their effects with the help of the temperature increase in the brain close to the ear. This is relatively insignificant. Much more important are the Tesla waves which damage biological structures. If they are of technical origin, they misinform the nervous system or cause a mind manipulation.

The excellent Viennese stock market analyst *Manfred Zimmel* concentrated on the subject of electrosmog in his newsletter on 26.04.2016. He prophesized: “*1,000% yield for electrosmog protection*”. He assumes from this fact that complaints will increase over the next years through the exponential buildup in such a way, “*that every person will virtually shout after a protective possibility*”. Existing and effective products for this will produce enormous turnovers. [5]

The number of sick notes of German employees constantly increases since 2003. This relates above all to psychic illnesses from which especially women are concerned. The DAK* announces: “*The number of sick notes in Germany in the first half-year of 2016 has climbed to a new highest level for 20 years. In this period the rate of sick person’s amounted to 4.4 percent. Women were absent because of depression and other psychic illnesses nearly twice as often as men. As a rule a sick note because of a psychic illness leads to an average outage of 35 days. The average downtime because of psychic illnesses therefore outran even that of cancerous diseases*”. [6]

Measurements with HRV can illustrate how the organism is burdened by electromagnetic fields and frequencies.

In the first recording of the HRV (at 12:13 AM) the client is located in his sleeping place. He often awakens about 4 AM in the morning with panic feelings. The measuring protocol shows a stress burden, the first bar and the fourth bar indicate a stress by a longtime burden. The measurement with a frequency analyzer shows a high burden in the sleeping

* Deutsche Angestellten-Krankenkasse = German Health Insurance

place. The second measurement at 12:21 AM takes place in the next room [which is] clearly less burdened by e-smog, and the measurement of the HRV shows a less stressed result (see Figure 1). After the bedroom was harmonized with a room installation (which should use the natural organ field), another clear relaxation effect was shown for the patient.

Figure 1: (On the left) the measurement takes place at 1:36 PM with a pendant which serves to neutralize the effects of e-smog. (On the right) the measurement takes place at 1:44 PM without pendant.

Figure 2 shows that the repeated dialing in with a mobile phone raises the heart rate and increases the distress.

Besides the measurement of e-smog with a frequency analyzer and measurements by the HRV, an environment analysis with the TimeWaver MED (Information field technology) should also make an indication of a burden from high frequency radiation possible.

Figure 2: (On the left) the source measurement at 3:11 PM. (On the right) in the course of the measurement at 3:23 PM five calls occurred with their cell phone near the experimental subject: Heart frequency and distress have increased.

The future throws its shadow ahead. In spite of these disagreeable perspectives we should not put our head into the sand (although sea sand can protect against e-smog). Protective chips, pendants and innovative room installations offer protection. Negative thinking and persistent fears are counterproductive.

Tip: These measurements were carried out with the TimeWaver Cardio.

Warning: The TimeWaver Systems and their applications are not recognized by school [orthodox] medicine on account of lacking scientific proof for the purposes of school medicine.

Dr.med. Manfred Doepp

Dr. Doepp is an internationally renowned nuclear physician as well as the founder and director of the DGEIM (Deutsche Gesellschaft für Energetische und Informations Medizin = German Society for Energetic and Information Medicine). He is regarded as a forerunner of Complementary Medicine. Currently he leads the *Quantisana Gesundheitszentrum* in Switzerland.

Patricia Lüning-Klemm

Dr. Lüning-Klemm studied psychology as well as German and Romance studies (2nd State Exam). After qualification and advanced training in psychoanalysis, group dynamics, systemic consultation and well-founded existential and deep psychological psychotherapy, she works in Munich as a consultant. She is a lecturer and writes articles for professional magazines [CLW – She also appears to be a specialist and trainer for TimeWaver.]

Practice Application

Dear Colleagues,

The preceding recent article by **Dr. Manfred Doepp** updates and details current information regarding his ongoing research with Electro-Smog. Combined with ongoing research on chem trails, radiation and metal poisoning, dental foci and parasites assessment and therapy protocols are changing and becoming more complex.

With regard to assessment it becomes increasingly more important that we utilize point and medication testing methods to coordinate and focus the findings in combination with the multiple other diagnostic procedures used in everyday practice. Therapy has become more complicated as we detox patients while focusing on the causal aspects of the patient's illness.

With every single patient the aspects of geopathics and electromagnetic frequencies must be taken into consideration. As we have become what Dr. Doepp calls "digital natives" who cannot go anywhere nor do anything without our Smartphone, we are constantly being bombarded by this blanket of electromagnetic frequencies. And, I'll admit that I'm as guilty as everyone else when it comes to my cell phone. But what do we do?

In Europe, Dr. Doepp has used the TimeWaver systems in his practice to determine sensitivity and to analyze the patient's environment. These are not OIRF recommended devices – they are effective and useful – but we have determined that there are other domestic and alternative devices that will do the job both for assessment and for therapy.

Most of you are already working with these concepts and are aware of the basics for cleaning up our own environment:

- Shielding computers and therapy devices within the practice (with devices like the little Medisend Protect from AMS)
- Reducing or eliminating man-made carpeting and flooring in the practice and in our homes
- Shielding smart meters inside the dwelling/building behind the stupid things
- Getting all the tech out of our bedrooms
- Turning our cell phones OFF at least at night and keeping them out of the bedroom at all times*
- Attaching the neutralizing discs to our cell phones to protect ourselves at least minimally from external frequencies
- Wearing or carrying one of the neutralizing pendants or gems
- Obtain one of the numerous room neutralizers that are available on the market
- And so on . . .

In terms of assessment again there are a variety devices on the market for Heart Rate Variability. One good example is the HeartQuest™ Heart Rate Variability from **Dr. Michael Kessler** in California at <http://www.hrvhq.com/>

Watch for the new modules (software program with basic accessories) from Med-Tronik for HRV and also for the BIT procedures of **Dr. Bodo Köhler**. There are already existing geopathic assessment and therapy programs with electronic testsets available for the **MORA-Nova** and the **MORA-Super**. All MORA devices are available with diagnostic modules for full EAV/Cornelissen/Vega-type point and medication testing methods. MORA BioResonance Therapy is highly effective in the treatment of e-smog sensitivity because the patient's energies and frequencies are quickly balanced and harmonized. When combined with the exceptional detox and allergy applications of this true classical BioResonance, this is a win-win for patient and practitioner.

I urge all of you to incorporate testing for e-smog and geopathics into your everyday procedures.

Carolyn

* **Dieter Jossner** of **Medical Electronics BioPhoton** fame demonstrated the safest way to turn off a cell phone during one of his lectures to our Germany Tour participants. "Just a minute" he exclaimed as he rushed out of the lecture room. A few minutes later he returned with a plastic baggy from which he dumped a bazillion pieces onto the table. On closer inspection it really was the remnants of a cell phone. His explanation was that the **only** way to turn off a cell phone was to break it down into very small pieces and destroy or maim all of the SIM cards and receptors in the device. Funny, but totally impractical in today's business and personal "world" and I was glad it wasn't mine that he demonstrated on. But we must remember that even when turned off – often even without the battery installed – the device will be constantly seeking a signal. We just don't need that in our bedroom as we're trying to sleep and rest.

UBS 315 and optional accessories **High tech bio energetic made in Germany**

	<p>UBS 315 basic unit The Basic unit consists of two intensive photon sources: white and red as well as a planar Tesla coil. An audio socket is also built in for modulating the photon source and the magnetic field. A modulation and the USB charge cable are part of the basic supply PRICE: US \$580 / CDN \$755 (inc's shipping)</p>
	<p>UBS 315 with large support ring (This part shown with the UBS 315 unit is not part of the basic supply – added optional accessory) This is meant for large items (i.e. glass teapots or jugs). This enables the use of items up to 160 mm in diameter and a total weight of up to 2 kg. The switches can be used as usual. PRICE: US \$125 / CDN \$165 (inc's shipping)</p>
	<p>UBS 315 with the Tesla transfer module (This part shown with the UBS 315 unit is not part of the basic supply – added optional accessory) The transfer module is available for transferring bio energetic signals from the UBS 315 unit to the irradiated liquid. The module consists of a transfer area with two Tesla coils and holders for maximum four vials. The transfer of the bio signals is achieved by active scalar fields which are emitted from the UBS 315 unit. Included in the delivery are five suitably sized vials. PRICE: US \$310 / CDN \$400 (plus shipping)</p>
	<p>UBS 315 with sensor for NSA 07 (This part shown with the UBS 315 unit is not part of the basic supply – added optional accessory) This transfer module is used to transfer signals generated by the NSA 07 unit. The module consists of a sensor for those signals which are emitted by the NSA 07 unit. These are then changed into audio signals enabling the modulation of the UBS 315 unit. Large volumes (a whole room) can therefore be energetically created with the frequency spectrum produced by the NSA 07 unit. PRICE: US \$335 / CDN \$435 (plus shipping)</p>

NOTE: Medical Electronics is now closed until 23 January 2016. Orders placed with OIRF over the holidays and early January will be ranked into priority by the factory and shipped before the end of January. Orders placed later in January will not be delivered until late February. Order **now** for earliest delivery.

NEW! + UNIQUE . . .

MEDISEND® protect

The smallest magnetic field device in the world . . .

Provides for your personal “shield” against electrosmog everywhere.

MEDISEND® protect – it looks like a memory stick and is the world’s smallest magnetic field device.

- It is operated via any USB port on your PC/Mac/laptop
- Generates a natural and complex electromagnetic field of 7.8 Hz, the fundamental of the Schumann-frequency spectrum. Uniquely, in contrast to all other magnetic field devices, **MEDISEND® protect** also generates the geomagnetic-frequency spectrum!
- The Schumann-frequency spectrum of 7.8 Hz is modulated with a frequency of 1.2 Ha. This frequency has also proved to be highly effective against electrosmog (particularly cell phone radiation).
- The effective range of the **MEDISEND® protect** is approximately 40 cm (80 cm in diameter). There are no time stipulations for its use. Make it easy for yourself: When working on your PC, Mac or laptop, simply plug your **MEDISEND® protect** into a free USB port.
- Only current is drawn via the USB port; therefore no problems whatsoever are encountered with other user programs on your PC, Mac or laptop.

Electrosmog disrupts our endogenous “bio-currents”!

Therefore don’t wait until your organism reacts sensitively to electrosmog. Seize the initiative promptly with **MEDISEND® protect!**

Unique in the world!
Look out for the arrows symbol!

Only the magnetic field instruments developed by W. Ludwig of the Institute for Biophysics in Tauberbischofsheim (Germany) generate the electromagnetic biofield which is a copy of the one in undisturbed nature and in the correct relation (YIN-YANG equilibrium).

The frequency spectrum of the 64 essential trace elements is generated by a unique world-wide process.

MEDISEND® protect – specifically encourage your regulation capability!

Function – Application

Electromagnetic waves play a fundamental role in all living things. This is because they control and regulate the endogenous “bio-currents”. Communication in the individual cells, between the cells, and from the brain, muscles and organs is founded on tiny electromagnetic pulses. If these “bio-currents” are constantly disrupted from the outside by electrosmog, the “electrical mechanisms of our organism” can be thrown out of sync. Biologically sensitive control circuits are subjected to increasing strain and disruption.

Modern workstations are packed full of electrosmog sources. You sit between the computer, laptop, fax machine, telephone, and photocopier/printer, you have to be constantly contactable, carry a headset, a cell phone and a beeper, work under fluorescent lights, use energy-saving light bulbs, nearby is a cell phone tower, UMTS, WLAN and Bluetooth ensure high-speed data transfer – with a flat rate you are permanently online. Children – teenagers in particular – often sit for hours on end in front of their computers, at the same time chatting on their cell phones or a cordless phone, and listening to music through their earphones . . . In the long run more and more people experience sensitive reactions to electrosmog. This is referred to in colloquial terms as “electrosmog sensitivity”. Permanent electrosmog radiation can cause different individual sensitivity disorders. We therefore advise:

Listen to your inner workings – listen to your “inner doctor”!

Observe for yourself how you react to electrosmog . . . biorhythm, hormone balance, immune system . . . insomnia, exhaustion, headaches, tenseness, and reduced productivity can be the first serious symptoms of increasing electrosensitivity.

Protect yourself and your family members against electrosmog! Specifically encourage your won regulation capability and the regulation capability of your loved ones . . . By stimulating, stabilizing and harmonizing the autonomic nervous system, you improve your capacity to concentrate and maintain attention, you gain energy, wellbeing and vitality, and you activate and boost your self-healing forces.

Harmonic oscillations stimulate self-regulation!

Unlike all other standard devices on the market, **MEDISEND® protect** generates two harmonics:

- **Schumann-frequency spectrum** of 7.8 Hz (main inherent value of the Earth’s surface / ionosphere resonant system = YANG signal), which is superimposed by 1.2 Hz.
- **Geomagnetic-frequency spectrum** (modulation of the Earth’s magnetic field by the natural frequencies of the 64 trace elements = YIN signal)

Take the time to find out about the AMS range of small and hand-held devices:

Fax: +49-(0)79 34/99 34 89-44
Website: www.magnetotherapy.com

PRICE: US \$135 / CDN \$185
All prices plus importation, shipping and packing.

Technical data:

Physiological range:
approx. 40 cm
Weight: 15 g
Size: 70 x 20 x 12 mm
Operates by means of any USB connection in the PC/Mac/laptop.

Scope of Delivery:
MEDISEND® protect incl. comprehensive operating instructions in an attractive metal tin.

The internal mechanism uses a special reel technology that generates the magnetic field.

Guarantee: 2 years.

No risk attached – why don’t you test the **MEDISEND® protect**? You have the right to return it within 90 days with money back guarantee!

You can test the **MEDISEND® protect** for a whole 90 days. Should you not be satisfied, send the instrument back to us (without giving a reason) within this period. We will refund the purchase price (excluding postage and packing) on the condition that the unit is in perfect condition.

In order to meet legal requirements, we give the following reference: Magnetic field therapy is scientifically disputed and is not recognized by conventional medicine.

MORA[®] NOVA

Vibrations that will change your life!

The MORA[®] BioResonance Method with reliable 2-channel technology

Stimulates self-healing powers and
thus removes disturbances and blockages.

Target group: Physicians, alternative practitioners,
therapists and naturopaths.

TREATMENT

For diagnosis or therapy with MORA[®] NOVA, the patient is connected through hand, foot and head electrodes. The patient's vibrations are sent to the device through the electrodes. Depending on the symptoms and treatment program, the vibrations are converted by MORA[®] NOVA into corresponding therapy frequency patterns and returned to the patient through the output electrodes.

BENEFITS FOR USERS

Today the bio-resonance therapy as an energetic diagnosis and therapy method cannot be wished away from holistic complementary medicine. MORA[®] NOVA offers many options that can cover various therapy fields. It gives you a reliable diagnosis and therapy. The body is thereby supported to regulate itself. Your patients experience a side effect-free therapy, which achieves astounding results for many symptoms and diseases. Often the bio-resonance therapy is helpful in cases where traditional medicine was not adequate.

BENEFITS FOR PATIENTS

- ◆ Often the patient feels an improvement just after the first treatment
- ◆ Therapy is often perceived as very comfortable
- ◆ Treatment is free of side effects and is not at all stressful
- ◆ Short treatment duration (between 5 and 30 minutes)

The MORA[®] System offers many remarkable possibilities!

MORA[®]-Diagnostics

The MORA[®]-Diagnosis and MORA[®]-Therapy are state of the art medical technology. They use the latest insight of modern biophysics and are scientifically researched and verifiable. The MORA[®] device has many diagnostic and therapeutic options.

MORA[®]-Therapy

For 35+ years, the MORA[®] bio-resonance therapy has been used successfully around the world. This therapy form makes it possible not only to diagnose unhealthy oscillations but also to treat them.

The electromagnetic oscillations are

- ◆ picked up in the patient's body
- ◆ transmitted to the MORA[®] device
- ◆ inverted by means of electronic amplifiers, and
- ◆ returned to the body

The aim:

To activate the body's self-healing power and to remove disruptions and blockages. The patient's balance is to be restored.

Treatment

Experience has shown that patients find the treatment very pleasant. While the electrodes are being put into place, the patient can relax. The therapy lasts between 5 and 30 minutes. Many patients even experience an improvement after the first treatment.

Side Effects

The patients experience a therapy free from side effects. The practice is not stressful at all. It can be used attendant to any pathology and permits combination with many therapeutic methods. In many diseases astonishing results are achieved.

GUARANTEED QUALITY

Outstanding quality and excellent services!

Quality creates trust!

Constant high quality – that is the primary goal. Only then we can satisfy our customers on long-term basis. After all we are dealing with health here. Therefore the continuous improvement of the internal quality management has a very special focus. Due to this reason all MORA[®]-Products are manufactured only in Germany. All the working steps – from development to material selection to precision manufacturing – are tightly monitored and controlled. The high quality requirement is documented through following independent audits and certifications.

OIRF Special Reports:

- 1) **Report on LM Potencies** (Homeopathy). Translated and prepared by **Dr. Walter D. Sturm** based on the work of **Dr. Samuel Hahnemann**. This is pivotal information for all homeopaths. In the last years of his life Dr. Hahnemann turned solely to the use of LM potencies for his patients instead of the "usual" C and X potencies still utilized today. This knowledge was suppressed for nearly 80 years and revolutionized the practice of homeopathy when that famous 6th edition of his Organon of Medicine was finally published. Read the story and see the meticulous research and translation left us by Dr. Sturm. See further information on this important report at this link. 51 Pages. \$40
- 2) Collection of **Three Reports by Dr. Gottfried Cornelissen** (BioResonance). 1) A Critical Examination of Current EAV Diagnosis (individual report below); 2) Increasing Efficiency of Allergy Cancellation Therapy by Application of Substance Specific Frequency Ranges; and, 3) The Problem of A and Inverted A in Homeopathic Nosodes (individual report below). 31 Pages. \$20
- 3) **The Problem of A and Inverted A in Homeopathic Nosodes** (BioResonance). Translated and prepared by **Dr. Walter D. Sturm** based on the research of **Gottfried Cornelissen, DMD**. Advanced BioResonance information. 4 Pages. \$5
- 4) **A Critical Examination of Current EAV-Diagnosis, the Mebe-Ampule and Filter Procedure** (EAV & BioResonance). Translated and prepared by **Dr. Walter D. Sturm** based on the research of **Gottfried Cornelissen, DMD**. Digital single oint mwasurement according to Dr. Cornelissen. Advanced BioResonance and EAV-Diagnostic information. 14 Pages. \$10
- 5) **Transliterations of the Chinese Acupuncture Point Names with Explanations**. This is a supplement to the Modern & Traditional Acupuncture Program. Every single traditional acupuncture point is shown with the point name transliteration (with both new and old – Pinyin and Wade Giles – spellings) along with a full explanation. Translated by **Michael C. Barnett, DAcu, LAc** from the work and research of **Jean-Claude Darras, MD**. 35 Pages (free to all M&TA program subscribers)
- 6) **The Genital System**. Translated by Carolyn L. Winsor; revised and edited by **Sean Christian Marshall, DSc** based on the work and research of **Jean-Claude Darras, MD**. Advanced traditional acupuncture information explaining the energetics of the genital system including disorders and treatment. 23 Pages. \$25
- 7) **A transcript of Dr. Morell's BioElectronic Vincent Lecture (BEV/BE-T-A)**. **THIS OFFICIAL TRANSCRIPT** of Dr. Franz Morell's 3-hour lecture is available from the Institute. It consists of thirty-one pages plus reproductions of his slides – it gives an excellent introduction to this objective bio-electronic testing method (BEV). Dr. Morell took us even further into the BIO-ELECTRONIC "VINCENT" Method during a subsequent seminar and introduced a totally new [at that time] German built instrument for it (by the Med-Tronik company, and Mr. Erich Rasche again!) to this country. \$15
- 8) See the OIRF [Archives Page](#) for past issues of "The Bridge" newsletter.

And don't forget to order your copy of:

The OIRF Special Report On Medication Testing

A translation of Dr. Kramer's full medication testing guidelines from beginning to highly advanced aspects. Dr. Kramer has given us the most complete, step-by-step guidelines for learning medication testing on your own. Based on his seventeen years of practice and teaching, he also suggests the preparations you need to get started. Recommendations on how to order a set of those preparations for yourself are included within the report, and most are now included within the Electronic Remedy Test Sets Software. If you follow all of the report instructions, you will learn how to do medication testing by yourself, easily, quickly and correctly. If not, something is wrong with your Electro-Acupuncture instrument – not you!

This SPECIAL REPORT available in electronic or printed format for \$30.00
(Report is over fifty pages. Preparations are not included.)

OIRF Video Training Programs:

- 1) **Diagnostics & Therapeutics Seminars by Dr. Walter Sturm†** (full set). Older seminar workshop where Dr. Sturm covered Diagnostic approaches (EAV, point and medication testing) and BioResonance Therapy approaches (MORA, Electronic Homeopathy and Remedy Information transfer). Five DVDs plus 1 disc with all overheads and handout materials. \$200
- 2) **Biological Medicine Symposium 2012** (full set). Keynote speaker was Prof. Dr. Roeland van Wijk (colleague of Prof. Dr. Fritz-Albert Popp) specialist in BioPhoton light therapy, biophysical chemistry and molecular biology. 10 other well known complementary medicine practitioners, dentists and researchers. 12 DVDs plus Symposium Manual. \$100
- 3) **How to Use the MORA III**. Dr. Walter Sturm† teaches how to use the MORA III unit for therapy and reviews the use of the RM200 diagnostic option. #35
- 4) **Introduction to the MORA Super Plus and ELH**. Dr. Brian MacCoy† teaches how to hook everything up, how to get started, how to get set up with all the "goodies" that come with the device. \$35
- 5) **How to Start Treating Patients with the MORA Super Plus**. Dr. Brian MacCoy† covers use of the Therapy Hand Book (applicable to all models of the MORA) as well as the basic electronic homeopathy applications. Here's how to set the device with the pre-set therapy programs. Get a good understanding of the scope and capability of these dynamic healing devices.
- 6) **MORA Nova Training Seminar**. Dr. Nuno Ruivo (Med-Tronik). How to take the unit out of its shipping box and set it up. 3-part overview of BioResonance and patient simulations with emphasis on practical application in your practice. \$100
- 7) **MORA BioResonance Therapeutic Possibilities**. Marguerite Lane, ND. How to get the best out of your MORA, how it works, and the basic concepts of classical BioResonance. Expert guidance on how to tackle the most common underlying problems in health. \$190
- 8) See ongoing training in **Webinar** format from Med-Tronik.

A Special Report

The Ground Regulation System (GRS)

By o. Univ.Prof. Dr.rer.nat. med.habil. Hartmut Heine †

A few years after his serious illness in 2011 **Prof. Dr. Hartmut Heine** published a series of seven articles on the **Ground Regulation System**. I [*Carolyn Winsor*] was honored to be able to translate this incredible research into English for the first time and to publish it in our newsletter, "The Bridge".

As I worked my way through translation of the first article, the wealth of knowledge and understanding imparted in even that introductory article left me scrambling for dictionaries, research documents hidden away in the old OIRF library and way beyond "Google searches" to make sure that I was doing justice to the information Prof. Dr. Heine was imparting. Combined with the succeeding six further articles, his gift to us of knowledge and of understanding is truly priceless.

In respect for Prof. Heine I have merged those seven articles into one single report and have republished it separate from that older newsletter. With a total of 48 (mind-blowing) pages, this work is not just "worthwhile" reading, but mandatory reading for all practitioners of orthodox and complementary medicine. Available in electronic or print format for \$30, here is an outline of the contents:

- Part 1** – The Ground Regulation [A History and Background]
- Part 2** – GRS as a non-linear system – Structure, function and determined chaos
- Part 3** – GRS as a non-linear system– Structural components of the extracellular matrix (ECM)
- Part 4** – Spatial structure of the ECM and material transport within the system
- Part 5** – Contact, limitation and clogging up: Cell adhesion, basal membrane and glycosylation
- Part 6** – Functional relations of the ground regulation with the central nervous system
- Part 7** – The Ground Regulation and the Circadian Rhythm
 - The Ground Regulation and Alzheimer Dementia

➤ **OIRF Resource Materials:**

- For more information and instruction about point and medication testing with EAV see the OIRF: [Medication Testing Report](#) and the [EAV Desk Reference Manuals](#) (both available on disc).
- For more information and instruction about [Diagnostic and Therapeutic Techniques in Biological Medicine](#) with emphasis on BioResonance Therapy be sure to order the recently re-released videos of Dr. Walter Sturm's seminars.
- For a complete [listing of OIRF resource materials](#), including publications, reports, books and videos please follow this link to our website. There are full descriptions of all printed and recorded materials online.
- For a complete [listing of OIRF recommended instrumentation](#), including diagnostic, therapeutic and BioResonance devices please follow this link to our website. There are full descriptions of all instrumentation online.
- Of the three full "home-study" or "extension training" programs developed by Occidental Institute, two have been fully updated and are available in PDF format on disc. Research and publication of each of those programs has been pivotal in the development and application of Acupuncture and Biological Medicine in North America and around the world. Be sure to obtain your copies of these famous and well respected volumes for your library and study purposes.
 - Modern & Traditional Acupuncture: \$165
 - Master of Acupuncture Program: Translations of the ancient acupuncture classics (The Nei Ching consisting of the Su Wen and Ling Shu, as well as the "Difficult Classic" the Nan Ching) are still available in printed format – \$125
 - EAV Desk Reference Manuals, Parts 1 & 2 – \$200
 - Diagnostics and Therapeutics Seminars of Dr. Sturm – \$200

Get more details at <http://www.oirf.com/resources.html>

"EXTENSION TRAINING" PROGRAM IN MODERN & TRADITIONAL ACUPUNCTURE

Over twelve hundred pages of printed materials incorporating applicable materials from the supplementary textbook ([An Outline of Chinese Acupuncture](#)) and set of four charts (by [China Cultural Corp.](#)). Program starts off assuming you know nothing about acupuncture (a good place to start even if only as a thorough review of the basics) and takes you right through to the most heavy-duty advanced aspects of true, 'energetical' acupuncture. The finest and most comprehensive material in the English language, covers all seventy-one meridians of traditional acupuncture; that 'missing sixty percent' of acupuncture knowledge most "acupuncturists" have never even heard of; and, the modern electronic 'needle-less' treatment methods (Electro-Acupoint Therapy) now so popular.

Over 3,000 students were originally enrolled in this famous Extension Training Program, and the OICS graduate listings read like a "Who's Who of Acupuncture" in the English speaking world. This program takes you as far as anyone possibly can in a 'written' format prior to the clinical finesse and practicum needed to round out your acupuncture study to professional levels.

FULL THIRTY-THREE LESSON PROGRAM NOW AVAILABLE ON DVD

Price includes disc with all 33 Lessons, applicable supplementary textbook (An Outline of Chinese Acupuncture) passages and representation of set of acupuncture charts (China Cultural Corporation set of four). [Current editions of the textbook and charts can be easily obtained from suppliers of acupuncture books and supplies.] Price does **not** include printed materials, binders; or, any tutorial, examination, or certification privileges. Follow above link for full details. **Full set on one disc available for CDN \$165.**

2017 Calendar of Events!

Event	Lecturers	Dates	Details/Contact
VivaMayr Basic Intensive Course I & II	Dr. Harald Stossier	Maria Wörth, Austria Jan. 15-27, 2017	To register contact: kirsten@viva-mayr.com and visit VivaMayr Academy
Concordia	Dr. Robert Cass and others TBA	Tucson, Arizona Feb. 24-25, 2017	Concordia Conference sponsored by AOIBS
Acupuncture Meridian Assessment St. Louis, MO	Dr. Simon Yu Dr. Doug Cook Dr. Rob Cass Carolyn Winsor	St. Louis, MO March 24-26, 2017	Register at Prevention And Healing For MD, DO, DDS
Int'l Neural Therapy Conference	Dr. Michael Gurevich Dr. Hans Borop Dr. Alberto Duque Dr. James Oschman And many others	Ottawa, ON Canada May 11-13, 2017	Register by email: info@internationalneuraltherapy.com Get more details at: Neural Therapy Conference
Acupuncture Meridian Assessment St. Louis, MO	Dr. Simon Yu Dr. Doug Cook Dr. Rob Cass Carolyn Winsor	St. Louis, MO June 23-25, 2017	Register at Prevention And Healing For MD, DO, DDS
Med-Tronik Power Week and Individual Seminars	Dr. Nuno Ruivo Dr. Peter Mahr	Friesenheim, Germany July 24-29, 2017	Contact Med-Tronik to register
VivaMayr, Advanced Training II	Dr. Harald Stossier	Maria Wörth, Austria July 23-Aug. 4, 2017	To register contact: kirsten@viva-mayr.com and visit VivaMayr Academy
International Biological Medicine Conference	Dr. Simon Yu and many others TBA	St. Louis, MO Sept. 29 - Oct. 1, 2017	Watch for further details and information TBA and visit Prevention And Healing
51st Medicine Week Congress, Baden-Baden, Germany	Lectures primarily in German language - participants of Tour #44 will attend	Baden-Baden, Germany Nov. 1-5, 2017	Contact OIRF for registration and participation details
Biological Medicine Tour #44 to Germany	Speakers TBA	Starts in Frankfurt, Germany, Oct. 31 to Nov. 6, 2017	Watch for details on this website!
Throughout 2017 OIRF will participate in numerous conferences and seminars with exhibit and education booths.			Watch your newsletter and the Events Page on this website as details are announced.

➤ **Conferences and Conventions:** As an ongoing approach to bring this information and education to a broader range of practitioners, OIRF will sponsor speakers and lecturers in a number of conferences and events throughout the USA, Canada and Germany.

Plans and registrations for OIRF to be present at a number of important international conferences have been arranged, and we are looking forward to an exciting and busy year. It is our hope that you will join us in our efforts to expand the use and knowledge of Biological Medicine in Canada, the USA and around the English speaking world.

Here are **some** of the events where our OIRF Board of Directors and Advisors are giving presentations and participating. Be sure to check out the announcements of events and conferences enclosed and on the [Calendar of Events](#) on our website. Make plans **today** for which events you will attend during the upcoming New Year 2017. Your support for the organizers is greatly appreciated, and gives you the benefit of fascinating, informative and educational programs that will enhance your practice – and CEU's! OIRF directors, advisors and/or members are active in each of the recommended events. See Pages 2, 3 and 22-24 for further details.

➤ **Acupuncture Meridian Assessment Training** for MD, DO and DDS. Primary focus is teaching medical practitioners how to check a few essential acupuncture points to look for disturbances which might be an indication of parasites or dental problems. This training covers many clinical case histories that will amaze you with the healing results that occur where prior numerous doctors and specialists failed to succeed. Class consists of lectures and lots of hands on "boot camp" drills for 2½ days held in **St. Louis, Missouri March 24-26 and June 23-25, 2017**. Sponsored by **Dr. Simon Yu** and also featuring **Dr. Robert Cass, Dr. Doug Cook, Gordon Johnston** and **Carolyn Winsor**. To register contact Kate, Office Manager at 314-432-7802 or [Prevention and Healing](#)

➤ **Dr. Michael Gurevich** has announced the **International Neural Therapy Conference** to be held in **Ottawa, Ontario Canada May 11-13, 2017**. The excellent roster of speakers includes: **Dr. Hans Borop** (Germany), **Dr. Alberto Duque** (Colombia), **Dr. Mark McClure** (USA), **Dr. James Oschman** (USA), **Dr. Michael Gurevich** (USA) and many others. This is a highly recommended conference!

➤ **Advanced Notice:** Dr. Simon Yu's colleague Mr. Richard Lodholz has agreed to assist with arrangements for "just one more" **International Biological Medicine Conference**. Tentative dates for this always exceptional and highly recommended conference are **Sept. 29 to Oct. 1, 2017**. OIRF will be there! Plan even now to attend.

➤ **Mayr Therapy:** This is a method that has been recommended by OIRF for many years. We have sponsored at least six official English language Mayr training programs in the past that featured the direct students of **Dr. F. X. Mayr**, including **Dr. Erich Rauch** and **Dr. Ernst Kojer**. In Austria this training was offered solely to MD's, but with the passing of many of the original practitioner/teachers those

requirements have been somewhat relaxed. It was interesting to see both the two main Mayr organizations well represented at the Medicine Week Congress. Both organizations have been offering English language training and it is my pleasure to re-introduce this method to our members and supporters. Even though there are no commercial or financial ties between OIRF (and none of our Advisor/Directors are directly involved) and these Mayr organizations, we felt it important to continue our recommendation for this well proven and highly effective method.

This year the **VivaMayr** organization in **Maria Wörth, Austria** (oh, such a beautiful area!) is offering two programs in English which feature **Harald Stossier, MD**. Contact Kristen by email at kristen@viva-mayr.com for details and registration information. Courses available in Maria Wörth are:

- **Basic Intensive Course, I & II: Jan. 15-27, 2017**
- **Advanced Training II: July 23 to Aug. 4, 2017**

➤ **51st Medicine Week Congress**, Nov. 1 through Nov. 5, 2017 in Baden-Baden, Germany with OIRF Advisors, Directors and Germany Tour participants attending. Usually more than 3,000 doctors participate with nearly 200 lectures, workshops and courses (German and English language). Exhibit area with more than 220 exhibits provides you with an excellent insight into the big product offerings in natural healing and complementary medicine. There you can find out directly, and compare. Contact OIRF for attendance possibilities.

➤ **Biological Medicine Tour #44 to Germany, October 31 through November 6, 2017**. Join us for our **44th** group tour including the world famous "Medicine Week" Congress in Baden-Baden. Tour program also includes exclusive OIRF English language lectures from renowned German clinicians and researchers as well as pharmacy and clinic visits. Speaker, event, itinerary and registration details will be posted on our website shortly.

To tempt you for next year follow this link to our [report on our 2016 program](#) and activities. Follow this [Germany Tour](#) link to see the unfolding plans and speakers for 2017. This is certainly advance and early announcement of dates and we recommend that you plan early to participate.

➤ As US certifications for the **MORA Beauty** have been delayed yet again, OIRF and Med-Tronik have withdrawn from exhibiting at the December 2016 **A4M Congress in Las Vegas**. As Carolyn will **not** be personally attending this year, we will miss this opportunity to meet and say hello. Once certifications are achieved for the Beauty, we will be announcing dates of conferences and seminars where you can see this remarkably effective device that can rapidly generate income for your practice.

➤ **MORA BioResonance Therapeutic Possibilities**, 1 day course on therapeutic applications with **Marguerite Lane, ND**, Australia. 4 DVD set of video recordings are now available through OIRF for US \$150 plus shipping.

➡ Follow this link to our website to see Issue #1 in print/PDF format.

➡ **Updates, Reminders and Announcements:**

- Watch for seminar and conference updates and dates. Plan early which events you will be attending this year.
- Watch for Volume 13, Issue #2 of the "The Bridge" newsletter to arrive in your Inbox around mid-February 2017. There are a number of new and exceptionally well written articles by Med-Tronik researchers and instructors that have been published in the German *CO'Med* and *Naturheilkunde* journals. Carolyn is busily translating as many of them as possible for future newsletter issues. We are looking forward to introducing some of the new devices (a newer model of the RM10 diagnostic device) and methods that were seen in Germany during the recent tour. The February Issue will feature another article from OIRF Medical Advisor **Simon Yu, MD**.

- Visit our **Facebook** page – will you be our friend?

I trust you have found much of interest in these pages. During 2017 we are looking forward to participating in numerous conferences while supporting various speakers and several complementary organizations. Additionally there are a variety of informational articles being prepared for the next Issues of Volume 13 of "The Bridge". Electronic publication with access open to all will continue throughout 2017 and we will continue bringing you that cutting edge information for which OIRF is famous.

We look forward to meeting you during our forthcoming 2017 activities and programs. As always your comments are welcome. Remember that this is your newsletter. Your suggestions, article contributions, critiques, FAQ's and compliments are gratefully accepted.

Yours in health,

Carolyn
